About Us

Since 1985, PMET is a full-service technology development and service company that has assisted mining, minerals, chemical, metals companies, and electric power generators worldwide in improving the efficiency, effectiveness and safety of their operations, reducing waste, and converting formerly landfilled wastes into profitable commercial products!

Core Competencies

Technology Development From Concept Through Commercialization

Specializing In The Following Services:

- Precision Analysis
- Development & Commercialization Of Technologies Dedicated To Minimizing Waste
- Recycling
- Beneficial Reuse
- Mining & Minerals Technology
- Waste Stream Management
- The Conversion Of Hazardous Waste To Non-Hazardous Products

Lab Services:

- Solids Speciation/ Quantitative
- Mineralogy Particle Size Analysis
- Optical/Scanning Electron Microscopy

Waste Treatment /Reuse Technologies:

- Mercury Recovery From Solid Waste/Flu Gas
- Coal Combustion Ash Processing For Reuse
- Gasification Testing

Process Engineering:

- Bench Process Development
- Pilot/Demo Plant Construction/Operation
- Process Consulting Services

Differentiators

PMET's unique combination of state-of-the-art integrated materials analysis capabilities, process development skills, and pilot plant design and operation capabilities provides full-service solutions to a wide range of materials processing and environmental problems by:

- Clearly Defining The Problem Via Precise Materials Characterization
- Precise Materials Characterization
- Developing Safe, Cost-Effective Solutions
- Pilot Demonstration and Commercialization
- Ongoing Consulting
- Costumer Support Services

NAICS

- 213114 - Support Activities for Metal Mining
- 213115 - Support Activities for Nonmetallic Minerals
- 333131 - Mining Machinery & Equipment
- 541330 - Engineering Services
- 541380 - Testing Laboratories
- 541490 - Specialized Design Services
- 541614 - Process, Distribution & Logistics Consulting
- 541620 - Environmental Consulting Services
- 541690 - Scientific & Technical Consulting
- 562112 - Hazardous Waste Collection
- 562211 - Hazardous Waste Treatment and Disposal
- 562219 - Nonhazardous Waste Treatment & Disposal
- 562910 - Remediation Services
- 562920 - Materials Recovery Facilities
